## **SIRIM STANDARD**

SIRIM Berhad is a premier total solutions provider in quality and technology innovations that helps industries and businesses to compete better through every step of the business value chain.

SIRIM Berhad is the centre of excellence in standardisation, facilitating industries and businesses in enhancing their production and competitiveness, protecting consumers' health and safety, and giving them the choice for quality products and services.

As a standards development organisation, SIRIM Berhad has extensive expertise in standards research and consultancy which helps industries and businesses to meet local and international requirements and practices, through the development of SIRIM Standards.

SIRIM Standards are developed according to SIRIM standardisation procedures, which are in line with international practices that ensure appropriate notification of work programmes and participation of interested parties. SIRIM Standards are developed through consensus by committees, which consist of experts in the subject matter. The use of SIRIM Standards is voluntary, and it is open for adoption by regulators, government agencies, associations, industries, professional bodies, etc.

## **SIRIM 7:2016**

### **Foreword**

This SIRIM Standard was developed by the Project Committee on Total Quality Management (TQM) established by SIRIM Berhad.

This standard was developed with the following objectives:

- a) provide understanding on the concepts and principles of Total Quality Management;
- b) provide guidance for organisation to determine quality activities that are relevant to TQM programme; and
- c) provide guidance on implementation of TQM based on the SIRIM Total Quality Fast Track Model (TQ<sub>FTM</sub>).

This standard will be subjected to review to reflect current needs and conditions. Users and other interested parties may submit comments on the contents of this standard for consideration into future versions.

Compliance with this standard does not by itself grant immunity from legal obligations.
